## 12VDC Car Cigarette Lighter Socket 4-Way Splitter with USB Port

**AUD \$24.95**

### Product Images

## Short Description

---

Versatile 4-way splitter to power multiple 12V devices from a single 12V cigarette lighter power outlet. Also includes a handy 1A USB power outlet for direct charging USB items.

- 10A total current rating
- 1.2m connection lead

## Description

---

With the plethora of 12VDC plug appliances now available, your car's single cigarette lighter socket seems somewhat insufficient. This socket splitter enables you to power up to four 12VDC plug appliances at once. From our range alone you can plug in a laptop adaptor, a heated travel mug, or a rechargeable LED torch. Plus it features a USB port to charge your phone or other USB gadget. Comes with a detachable mounting base so you can mount this unit horizontally or vertically on your dash or centre console, and detach it for flexible use.
