Description

Sky-Watcher 9x50mm FINDER SCOPE WITH BRACKET

The Sky-Watcher 9x50 FINDER SCOPE WITH BRACKET is a vital accessory for accurate aiming. With its large 50mm aperture, wide 45° field of view and a simple cross-hair reticle, you are certain to gain almost perfect navigation sight with this excellent accessory for your astroviewing purposes. Besides, the finderscope also comes with a mounting bracket for easy setup and will fix to almost all standard finder shoes from Skywatcher.

In order to focus the finderscope, just follow these 3 steps:-

- 1) Unscrew the lock ring
- 2) Rotate the objective to your suited focus
- 3) Reclose the lock ring

- Achromatic 9x50mm Finderscope
- Large 50mm Aperture
