## Short Description

---

ALLEN DELUXE ADJUSTABLE BINOCULAR STRAP HARNESS BLACK

## Description

---

The **Allen Binocular Strap** is constructed of an elastic body harness that comfortably holds binoculars against your body to distribute the weight of your neck and free up your hands. Great for hunting, birdwatching, and fishing, and it also works for keeping cameras and other items close by. Easily attaches to most binoculars with quick ties, and the harness is adjustable to fit almost anyone. Includes an extra ring and ties to use with a second pair of binoculars.
