Short Description

BUSHNELL ENGAGE X 10X42 REAL TREE ROOF BINOCULAR

Description

Designed to be your constant companion wherever you go, the limited-edition **Real Tree Bushnell 10x42 Engage X**

Binoculars are ideal for when you're out birding, hunting, hiking, camping, or enjoying sporting events—especially in wide-open spaces where the high magnification really shines.

To help deliver its performance, Bushnell binoculars employ anti-reflection multi-coatings and protective exterior coatings on the lead-free glass lens with BAK4 glass on the compact roof prisms. The optical coatings work together to maximize light transmission through the light path, resulting in bright, sharp, and clear high
