Bushnell Equinox Z2 Night Vision 4.5x40 Monocular

AUD
\$639.00

Product Images

Short Description

The Bushnell Equinox Z2 is the latest offering in Night Vision from the famous Bushnell stable.

The Z2 has the latest high end image intensifier tube and curring edge optics. This helps to amplify existing light and allows you to see in conditions where light levels are too low for the unaided eye.

The Z2 offers outstanding optical clarity, ultimate illumination and an unmatched field of view

Description

If night vision is what you are looking for then the Bushnell Equinox Z2 is the go to scope for you.

The Z2 is comprised of our latest high quality image intensifier tube and optics, which amplify existing light, allowing you to see in conditions where light levels are too low for the unaided eye. The Z2 offers outstanding optical clarity, ultimate illumination and an unmatched field of view Features.
