Bushnell Forge Binoculars 8x42 Terrain

AUD
\$769.00

Product Images

Short Description

Forge 8X42 binoculars with ED glass feature a split bridge and heavy duty armoured design offering superior durability in the field.

***Managers Recommendation for best binocular under \$1000**

Forge 8 x 42 and Forge 10 x 42

Phils Review : *"Fair Dinkum these are the best binoculars under \$1000 I have seen. I was so impressed by the optical quality I bought a pair for my personal use!*

The ED optics are sensational and deliver beautiful crisp sharp images rich with colour and are very competitive in quality when compared with other more expensive brands.

I use my pair of 8 x 42 Forges for all sorts of viewing and can easily observe a bird in a tree 30 metres away."

Description

- Exclusive EXO Barrier Protection - Bushnell's newest and best protective lens coating molecularly bonds to the glass, repelling water, oil, dust, debris and preventing scratches.
- ED Prime Glass - Bushnell's highest quality glass delivers amazing color, resolution and contrast, even in low-light conditions.
- Exclusive EXO Barrier Protection - Bushnell's newest and best protective lens coating molecularly bonds to the glass, repelling water, oil, dust, debris and preventing scratches.
- PC-3 Phase Coating - Applied to the prisms, it enhances resolution and contrast.
- IPX7 Waterproof construction - O-ring sealed optics stay dry inside, when immersed in three feet of water for up to 30 minutes.
- Dielectric Prism Coating - Applied to the prisms, it ensures vivid color reproduction and allows 92% light transmission for bright images.
