Bushnell Legend 8x42 BAK4 Roof Binocular

AUD
\$379.00

Product Images

Short Description

The Legend is back, with an all-new design. Updated ergonomics give you a confident grip, with a lighter weight chassis than its predecessor. The all-glass, fully multi-coated optical system provides outstanding resolution, contrast, and light transmission.

Combine that with an IPX-7 waterproof construction tested at 1 meter for 30 seconds and RainGuard HD protective coating, this binocular will stand up to the harshest of elements.

Description

The Legend is back, with an all-new design. Updated ergonomics give you a confident grip, with a lighter weight chassis than its predecessor. The all-glass, fully multi-coated optical system provides outstanding resolution, contrast, and light transmission. Combine that with an IPX-7 waterproof construction tested at 1 meter for 30 seconds and RainGuard HD protective coating, this binocular will stand up to the harshest of elements.

- **WATERPROOF CONSTRUCTION WITH RAINGUARD LENS PROTECTION** IPX7 waterproof construction is tested by submerging at 1 meter for 30 minutes without any penetration. The combination of the IPX7 rating and Rainguard, means these binoculars are ready to take on the roughest elements.
- **FULLY MULTI COATED, ALL GLASS OPTICS SYSTEM** An all glass fully multi-coated optical system enhances contrast, resolution, and light transmission. High-quality, soft touch rubber and brushed metal texture finishes provide performance in a great looking, modern design.
- **AGGRESSIVE TEXTURE FOR CONFIDENT GRIP AND RUBBER HOUSING FOR DROP PROTECTION** Updated ergonomics with soft touch rubber and easy grip texture. Easy grip texture along the sides and bridge of the binocular reduce the chance of dropping and give a confident in-hand feel....even with one hand.
- **LIGHTWEIGHT BODY CONSTRUCTION FOR ALL DAY COMFORT** All glass multi-coated optics provide best in class image quality, even in low-light. The ultra-smooth focus wheel allows you to quickly focus in on your subject for perfect definition when you need it.

Additional Information

Specifications

Item ID (SKU)	B842W
Product Name	Legend 8x42
Adapts to Tripod	Yes
Close Focus (m)	4.57m
Color	Black
Display Type	N/A
Exit Pupil	5.25mm
Eye Relief	0.705in
Eyecups	Twist-up
Lead Free Glass	Yes
Length	5.63in
Lens Coating	Fully Multi-Coated
Magnification x Objective Lens	8x42mm
PC-3 Phase Coating	No
Prism Glass	BaK-4
Prism Type	Roof
Water Resistant	Yes, IPX7
Waterproof/Fogproof	Yes, IPX7
Weight	615g
FOV (ft @1000yd / m @1000 m)	N/A
Protective Lens Coating	EXO Barrier
Dielectric Prism Coating	Yes
Ultrawide Band Coating	Yes
Lead Free Glass	Yes
Locking Diopter	Yes
Permafocus	No
ED Prime Glass	No
