Bushnell Powerview 2 8x42 Binoculars

AUD
\$199.00

Product Images

Short Description

The Bushnell Powerview 2 8x42 Binoculars deliver sharp, vibrant images through multi-coated optics and a durable all-metal aluminum alloy chassis, built to withstand extreme temperatures without the bulk. Featuring a compact roof prism design, updated ergonomics, and a soft-touch rubber grip, these binoculars are comfortable and easy to handle even one-handed, making them ideal for birding, and outdoor adventures.

Description

An all-metal chassis is the new PowerView 2's foundation, and it's never before been offered at this price. The all-metal chassis ensures ruggedness and durability in the harshest elements, meaning the chassis won't crack in the extreme cold of winter, or disform in the intense heat of summer. The new metal body also eliminates uneven weight distribution often found in binoculars with plastic chassis. Multi-coated optics paired with a massive 50mm objective lens, brings in a large amount of light, providing vibrant images for a crisp, clear viewing experience. Updated ergonomics and a rich textured rubber armor guarantee you'll always have a firm grip, even in one hand.

- **LONG LASTING DURABILITY** Aluminum alloy chassis provides durability without adding unnecessary weight and bulk.
- **MODERN EXTERIOR DESIGN** High quality, soft touch rubber and brushed metal texture finishes provide classic performance in a great looking, modern design.
- **EASY TO USE AND CONFIDENT GRIP** Updated ergonomics with soft touch rubber and easy grip texture along the sides of the binocular, and on the bridge, reduce the chance of dropping and give a confident hand feel....even with one hand.
- **GREAT IMAGE QUALITY WITH SHARP FOCUS** Multi-coated optics draw an incredible amount of light for clear vibrant images, even in low-light. Ultra-smooth focus wheel allows you to focus in on your subject quickly for perfect definition when you need it.
- **COMPACT ROOF PRISM DESIGN** Roof prism design for a more streamlined, compact binocular, easier to hold and more compact to store.
- **BACKED BY THE LIFETIME IRONCLAD WARRANTY** Compact, mid and full-size options in roof or porro prism from 10x to 20x provide multiple options for your adventures.
