Celestron Thermistor for Smart DewHeater Controllers

AUD \$24.90

Product Images

Short Description

The Celestron Thermistor for Smart Dewheater Controllers works in conjunction with Celestron's Smart DewHeater Controllers to allow "smart" control of third-party dew heaters.

Description

Regulates heating bands or straps to conserve power by only delivering enough heat to the optics to prevent dew.

Sealed tip positioned under the heating band or strap provides accurate temperature readings.

NOTE: Does not include the Celestron Smart Dewheater Controller pictured. It is the cable only.
