Farpoint Flexible dew shield for Celestron or Meade 8 Inch SCT single notch for V size dovetail

AUD \$79.00

Product Images

Short Description

Farpoint Notched Dew Shield – 8 Inch SCT is a tough cover that protects optical equipment and allows for moisture-free observing

sessions.

Description

Farpoint Notched Dew Shield – 8 Inch SCT is a virtually indestructible cover customized for 8” SCT telescopes. Simply attach the flexible cover to the front of the optical tube to prevent moisture build up on the lens. Made with tough, flexible APS plastic and lined with black felt to cut down reflection and prevent sliding onto the telescope corrector plate.

Model features a notch to accommodate a “V” size dovetail bar. Fits Celestron or Meade Schmidt-Cassegrain telescopes.

Protects delicate optical equipment and allows for moisture-free observing sessions.
