GPO PASSION ED 10x42 Binoculars Sand

AUD
\$899.00

Product Images

Short Description

The PASSION™ ED 10x42 binocular is the ideal choice for ornithology, butterfly watching and many other observation activities in nature. The best value for money on the market with German technology.

Description

The PASSION™ ED binoculars offer the perfect entry into the world of high-quality observation optics at an unbeatable price-performance ratio. The slim, ergonomic design has been combined with the use of high-quality materials. The entire housing is made of magnesium which makes it lightweight yet robust. Thanks to the ED (Low Dispersion) lenses, multiple coatings and combined optics, they offer a wide field of view, high transmission values and sharpness over the entire field of view, as well as a short minimum focusing distance. Their robustness and optical performance make them unique in their class. You will not find a binocular comparable to the GPO PASSION ED 10x42 in this price range.

Technical specifications:

- Prism type: Schmidt-Pechan
- Magnification: 10x
- Field of View (FOV) at 1,000m: 114m
- Objective Diameter (mm): 42
- Effective eyepiece diameter (mm): 23,7
- Exit Pupil (mm): 4,2
- Eyepiece relief (mm): 16
- Housing: Magnesium
- Minimum focusing distance (meters): 2
- Interpupillary Distance (IPD): 56 - 75mm
- Diopter compensation: -2,5/+2,5
- Waterproof (Mbars /cm): 100
- Light transmittance: ISO 14490-5:2005 90%
- Height (mm) without caps: 55mm
- Weight (grams) without caps: 725gr
- Length (mm) outside diameter: 138mm
- Width (mm) fully extended: 127mm
- Included accessories: instruction manual, cleaning cloth, hard case, neoprene neck strap, case strap, objective caps, eyecups.
