Short Description

The GPO Passion HD 12.5x50 Binoculars offer 92% light transmission, HD optics, and a 2.5m close focus. Lightweight and durable, ideal for birdwatching, wildlife, and long-distance observation.

Description

Passion HD

The GPO Passion™ HD is the leading range from GPO's world renowned binoculars series. The Passion HD series impress with their state-of-the-art multi-layer coatings that give incredible optical viewing, edge-to-edge sharpness, and superior colour reproduction. Furthermore, the specialised microbridge design within the Passion HD range improves the ergonomics, comfort and feel when the binoculars are in use. Well balanced, the GPO Passion HD will enable a birder to spend extra time out in the field with less discomfort.

Features

- 12.5x magnification
- 50mm objective lens
- HD optics
- Schmidt Pechan prism system
- 92% light transmission
- PASSIONdrop Water-repellent coatings
- Magnesium chassis

The GPO Passion HD 12.5x50 Binoculars utilises a Schmidt Pechan prism system with HD optics which delivers an outstanding 92% daylight transmission, wide field of view of 92m at 1000m, in a short compact design. Weighing just 970g, the binoculars is able to deliver its full features in a comparable size to all its competitors thanks to its tough magnesium chassis that provides strength and durability in a lightweight design. Furthermore, the PASSIONdrop™ water-repellent coatings ensures your binoculars are at its peak by reducing dirt buildup on all the lenses and rain and water affecting your view.

Is your interest in birds in flight or stalking animals that from a close proximity? Well, you'll truly appreciate the benefits of having a short close focus of 2.5m.
The Passion™ HD gives you quality, fair price and most of all amazing performance.

The GPO Passion HD feature a Lifetime Warranty.
