Description

Close the gap quicker with the 12x50mm McKenzies. The increased magnification is ideal for wide-open spaces and picking out the smallest details. The BX®-1 McKenzie™ delivers class leading low-light performance with our Twilight Light Management System, which simply helps you see more in less light. You also get outstanding resolution and clarity in a rugged, compact design that's waterproof and purpose built to handle the harshest conditions.

Comes with Pro Gear Accessories - Go Afield Shoulder Strap, binocular case, lens covers, and a lens cloth.
