Leupold BX-1 McKenzie HD 12x50 Shadow Grey Binoculars

AUD
\$489.00

Product Images

Short Description

Close the gap quicker with the BX®-1 McKenzie™ HD 12x50mm. The increased magnification is ideal for wide-open spaces and picking out the smallest details, while the 50mm objective and HD performance let in more light, making it perfect for low-light conditions.

Description

Close the gap quicker with the BX®-1 McKenzie™ HD 12x50mm. The increased magnification is ideal for wide-open spaces and picking out the smallest details, while the 50mm objective and HD performance let in more light, making it perfect for low-light conditions. Designed around Leupold's Advanced Optical System, it offers tried and true light transmission for extended glassing

sessions, best in class glare reduction in harsh light, and the resolution and clarity that recreational sportsmen and sportswomen demand. It comes with Pro Gear® accessories, too: including a GO Afield™ shoulder strap, binocular case, lens covers, and lens cloth. And like all Leupold® binoculars, it's fogproof, waterproof, and guaranteed to perform for life.
