

## Nitecore NU10 Wide Angle 160 Lumens USB Rechargeable Headlamp Yellow

**AUD \$49.90**

### Product Images

## Short Description

---

The Nitecore NU10 is a high performance, lightweight LED headlamp with a large beam spread and 170° illumination angle. Its integrated rechargeable Li-Ion battery, equivalent to four AAA batteries' performance, has a maximum run-time of up to 150 hours. The NU10's unique design lets the headlamp to be operational while being charged. Nitecore NU10 has a Dual-Switch User Interface which prevents accidental activation. Just hold down both switches until the built-in power indicator blinks once to enter lockout. With an IP66 dust and water resistance rating and a sealed rubber cover, your NU10 is ideal for use in different weather conditions.
