Saxon Mini Dobsonian Telescope

AUD
\$119.00

Product Images

Short Description

The **saxon Mini Dobsonian Telescope** is the perfect telescope for budding young astronomers.

This telescope comes with a focal length of 300mm and an aperture of 76mm which provides bright, sharp views of sky objects.

This scope sits on a stable tabletop base and weighs just under 2 kg, making it easy to carry indoors and outdoors between use. You get two 1.25" eyepieces with your pre-assembled telescope - all you need to do is attach your eyepiece to start observing!

The **saxon Mini Dobsonian Telescope** makes a great gift or display piece.

NOTE: This is a table top telescope.

Description

The **saxon Mini Dobsonian Telescope** is an ideal telescope to introduce yourself to the world of astronomy.

Featuring an aperture of 76mm and 300mm focal length, this 3" tabletop Dobsonian-style telescope is excellent for lunar and wide field observing.

Weighing a mere 2 kg, this lightweight and portable telescope is the perfect travel and outdoor companion. The sleek black design of the telescope also makes it a great display feature in the home or office.

To further enhance the capabilities of the **saxon Mini Dobsonian Telescope** we recommend purchasing the Mini Dobsonian Telescope Accessory Pack. This includes additional eyepieces, moon filter, finderscope and bracket and a carrying bag.

The **saxon Mini Dobsonian Telescope** is user-friendly, easy to maintain and requires minimal assembly - simply remove it from the box, attach your eyepiece and off you go!
