- #80A Blue Filter
- 90° Mirror Diagonal
- Aluminium Carry Case

Description

The **Starguider 2" Eyepiece and Filter Kit** includes three 2" eyepieces, a 2x Barlow lens to double the magnification of each, five 2" filters and a 2" mirror diagonal – that's a whole lot of kit! All eyepieces are fully multi-coated with a 56° apparent field of view (50° for 40mm), coupled with the Barlow lens you'll have a broad range of focal lengths available from 13mm – 40mm.

The high quality 90-degree multi-coated mirror diagonal is provided with two inter-changeable adapters, fitting all 2" rear threaded cells of Schmidt-Cassegrain telescopes and 2" refractor focuser tubes.

All of this comes packed into a sturdy and well-built aluminium case with die-cut foam interior.
