Sky-Watcher 6x30 Right Angle Correct Image Finder

AUD
\$129.00

Product Images

Short Description

Provides exceptionally comfortable and convenient operation compared with a traditional straight through viewing finder scope

Description

Provides an upright image with completely corrected left/right image orientation. Ideal for fast, intuitive location of target objects. The Sky-Watcher 6x30mm Right Angled Erect Image Finder Scope is supplied with finder scope bracket. Provides exceptionally comfortable and convenient operation compared with a traditional straight through viewing finder scope.
