

Sky-Watcher 70 Deg Long Eye Relief 22 Mm

AUD
\$199.00

Product Images

Short Description

Skywatcher's stylish new soft rubber-clad 70° super wide angle eyepieces are constructed from 8 lens elements and are fully multi-coated throughout. The 3.5mm, 5mm, 8mm, 13mm and 17mm versions feature a cleverly designed dual-fit barrel that enables them to be used in both 1.25" and 2" focusers. The 22mm and 32mm versions have a 2" barrel. Oversized eye lens

elements and soft twist-up rubber eyecups provide comfortable viewing. Eye relief is a generous 20.6mm. The 3.5mm, 5mm 8mm 13mm & 17mm focal lengths feature dual-fit barrels and are threaded for 1.25" filters. The 22mm and 32mm have 2" barrels that are threaded for 2" filters.
