Short Description

SKY-WATCHER GTI GOTO MOUNT WIFI WITH STEEL TRIPOD AND EXTENSION TUBE

Description

The Skywatcher Star Adventurer GTI is user-friendly and provides various combinations to satisfy all your needs for astrophotography. It is a high precision, GOTO fast star finding, stable astrophotography mount.

Features

- Tracks in both AZ and EQ mode
- Payload capacity of 4kg
- Weighs 2.6kg
- Controlled using the SynScan Pro App (Android/iOS/PC)
- Includes built-in illuminated polar scope

It is the best choice for astronomy enthusiasts to travel, astronomical photography and observation, who value a small and portable mount. Featuring a payload capacity of 5kg, this mount is suitable for photographers who have a small telescope tube or camera.

To control this mount, download the compatible SynScan Pro app on iOS or Play Store or you can either go with Skywatcher's SynScan Hand Controller (sold separately). Counterweights included: 0.7kg and 1.6kg.
