## Swarovski ATC 17-40x56 Burnt Orange Angled Spotting Scope

**AUD**  
**\$2,990.00**

### Product Images

### Short Description

The amazing burnt orange ATC 17 - 40 x 56 spotting scope has it all with small dimensions and outstanding optics.

## Description

---

The Swarovski burnt orange ATC 17 - 40 x 56 spotting scope has a length of 258 mm (10.2 in). With the angled view, this beautiful spotting scope will fit in any backpack and is perfect for the travelling user.

With a weight of just 970 g (34.2 oz) it makes it a top choice for tours in rough terrain and remote areas. The clever half shell makes it easier to be able to sit the scope on a surface without a tripod and allows unrestricted turning of the focusing and zoom wheel at all times.

In combination with the VPA, the ATC is ideal for digiscoping. The carrying strap adds the perfect finishing touch.

NoTE: Does not include the VPA Phone Adapter pictured.
