Swarovski EL 8.5x42 WB Binoculars Green

AUD
\$3,190.00

Product Images

Short Description

THE IMPRESSIVE, MULTIPURPOSE BINOCULARS

EL 42 binoculars combine size, weight, and optical performance to give the perfect product.

They are multipurpose and reliable, suitable for use both during the day and at twilight.

Nature lovers appreciate the unique close-up setting of 1.5 m and the rapid, precise focusing mechanism.

NOTE: The EL model binoculars do not come with a field carry bag. The field bag has to be purchased separately.

Phils Review: "The EL 8.5 x 42 binoculars are my absolute favourite Swarovski binocular. This is the perfect bino for birdwatching in

close cover. I love the pin sharp optics and rich crisp colour. The pop out centre focus button seals the deal with its simplicity and makes this bino a joy to use."

Description

THE IMPRESSIVE, MULTIPURPOSE BINOCULARS

EL 42 binoculars combine size, weight, and optical performance to give the perfect product. They are multipurpose and reliable, suitable for use both during the day and at twilight. Nature lovers appreciate the unique close-up setting of 1.5 m and the rapid, precise focusing mechanism.

SWAROVISION

The SWAROVISION technology redefined the concept of optical quality. Field Flatteners lenses provide unprecedented peripheral definition, fluoride-containing HD lenses minimize color fringing, while optimized coatings ensure maximum color fidelity. Large eye relief offering a full field of view for those wearing eye glasses.

HD-OPTICS

Our HD optics feature fluoride-containing lenses, which virtually eliminate color aberrations. The scatter is considerably less with fluoride than with even the best types of optical glass. This enables maximum color fidelity and leads to a significant improvement in resolution and contrast.

SWAROBRIGHT

The high quality coatings for the lenses and prisms mean that you can expect impressive colour reproduction and a higher transmission.

SWAROCLEAN

The SWAROCLEAN anti-adhesive coating ensures that the external surfaces of the lenses are clean.

EL 8.5x42 W B

The large field of view and optics providing edge-to-edge sharpness make the EL 8.5x42 binoculars versatile to use. The 4.9-mm exit pupils also produce bright images in poor light conditions.

INCLUDED IN KIT:

Eyepiece cover, objective lens cover, lift carrying strap pro. Does not include a field bag. Field bag has to be purchased separately.

Additional Information

Specifications	Magnification	8.5x
	Effective objective lens diameter (mm)	42
	Exit pupil diameter (mm)	4.9
	Exit pupil distance (eye relief) (mm)	20
	Field of view (ft/1000 yds / m/1000 m)	399 / 133
	Field of view (degrees)	7.6
	Field of view for eyeglass wearers (degrees)	7.6
	Field of view, apparent (degrees)	60
	Shortest focusing distance (ft / m)	4.9 / 1.5
	Dioptric compensation (dpt)	± 5
	Diopter correction at ∞ (dpt)	6
	Light transmission (%)	90
	Pupil distance (in / mm)	2.2-2.9 / 56-74
	Twilight factor acc. to ISO 14132-1	18.9
	Length approx. (in / mm)*	6.3 / 160
	Width approx. (in / mm)**	5.2 / 131
	Height approx. (in / mm)**	2.4 / 61
	Weight approx. (oz / g)	29.5 / 835
	Functional temperature	-13 °F to +131 °F (-25 °C / +55 °C)
	Storage temperature	-22 °F to +158 °F (-30 °C / +70 °C)
	Submersion tightness	13 ft / 4 m water depth (inert gas filling)

* Value with eyecups twisted in

** Dimensions at a pupil distance of 2.5 in / 64 mm
