Short Description

Innovative accessories that are perfectly tailored to these binoculars enhance the functionality of your equipment. Apart from being user-friendly, harmonious design also plays a key role. Our accessories offer you all kinds of useful add-ons, allowing you to tailor your SWAROVSKI OPTIK binoculars to your personal needs.

Description

LCS lift carrying strap

The lift carrying strap can be quickly adjusted to any length. Keep the strap short for optimum wear while walking or lengthen to ensure plenty of comfort and freedom to move when resting. If desired, the lift carrying strap can also be worn diagonally over one shoulder – a popular choice especially for those on safaris.

NOTE: These straps are suitable for all early non FieldPro EL Range and all SLC Range and Pocket Range binoculars.
