Swarovski Optik Habicht 8x30 W Binoculars

AUD
\$1,580.00

Product Images

Short Description

The traditional form of observation. The Habicht binoculars are the classic optical system that has been tried and tested and continually developed for generations. Their light-alloy housing and extremely sturdy yet lightweight design make them particularly suitable for taking on excursions.

Description

Habicht 8x30 W

The compact, light Habicht 8x30 model, weighing just 19 oz / 540 g, is a pair of Porro prism, black armored binoculars. These binoculars, which have been tried-and tested for many years, can offer an excellent field of view of 408 ft / 136 m, even with their traditional design.

Included

Bag, eyepiece cover, carrying strap leather
