Swarovski Optik NL Pure 12x42 Binoculars

AUD
\$4,660.00

Product Images

Short Description

NL Pure - the revolutionary binoculars with the largest field of view to date and barely perceptible edges, without compromising on ergonomics and handling. In other words: Best optics, packed in the smallest possible size. The NL Pure thus provides unprecedented nature experiences.

NOTE: FRP Forehead Rest is NOT included. This is a separate item.

NL Pure 12x42 W B

Detect every detail even at great distances. This is guaranteed by the 12x magnification. Even with an objective lens diameter of 42 mm, the unique ergonomics together with the forehead rest allow you to observe with ease for a long time.

Included

Carrying strap, Eyepiece cover, Objective lens cover filler piece, Strap loop connector, Functional side bag, cleaning cloth, soap, brush. FRP Forehead rest is not included.

ONE WITH NATURE

SWAROVSKI OPTIK opens up a new dimension of wildlife watching

A huge, revolutionary field of view combined with groundbreaking design in premium-class binoculars - the new NL Pure from SWAROVSKI OPTIK takes your wildlife viewing to the next level. This is all thanks to a sophisticated optical system embedded in incredibly compact, precise mechanics. The very finest materials and top-quality workmanship ensure that these binoculars will stand the test of time. The NL Pure accessories also have a focus on sustainability. The newly designed bag, cleaning set, and packaging are made exclusively from recycled fabrics and natural materials. From September 1, 2020, the 8x42, 10x42, and 12x42 models of these new binoculars will be available from selected retailers and online at swarovskioptik.com.

SWAROVSKI OPTIK's high-quality long-range optical products heighten our senses and inspire us to love and respect our environment. Carina Schiestl-Swarovski, Chairwoman of the Executive Board of SWAROVSKI OPTIK, explains: "Experiencing the unique beauty of nature and becoming immersed in it - it is this yearning that is behind our desire to design binoculars that allow the observer to become one with nature. The high standards that we apply to optical quality and design have led our experts to rethink the laws of physics. The results are revolutionary. The NL Pure offers an experience of unprecedented intensity - **Pure Nature Love.**"

ONE WITH THE MOMENT

As soon as you look through the new NL Pure, the technical masterpiece that lies within reveals itself. Thanks to the huge, revolutionary field of view of SWAROVSKI OPTIK binoculars (up to 71°) and the barely perceptible edges, you are completely immersed in the image, making it the most natural form of observation.

ONE WITH YOU

The incredibly compact optics are encased in a uniquely ergonomic housing, which ensures that the NL Pure fits perfectly into your hand. With an oval recess between the thumb and index finger, the shape of the binoculars conforms to your natural grip. The new forehead rest provides unbeatable comfort, particularly during prolonged use, and ensures steady viewing - even at 12x magnification. The forehead rest is available as an accessory.

ONE WITH PERFECTION

Pin-sharp contours and a high-contrast display with optimum color fidelity - SWAROVISION technology guarantees breathtaking images. It is easy to make out the tiniest details and distinguish the most subtle nuances of color. This absolute color fidelity and high transmission is achieved thanks to an innovative lens coating.

ONE WITH NATURE

Thanks to the reliability and long life of SWAROVSKI OPTIK products over generations, their impact on the environment is reduced. The company works tirelessly to promote sustainability in every area of its operations. The accessories were a particular focus when developing the NL Pure. The field bag is made of 100% recycled rPET. A brand-new soap & brush kit for cleaning the housing is supplied as standard. It contains a wooden brush and a palm oil-free, biodegradable soap made from coconut oil, olive oil, and shea butter with no colorants or fragrances. The soap is made in Tyrol, Austria and the brush comes from Germany. The product

packaging is climate-neutral and is made of sustainable and recyclable materials. Each individual package also contributes to the support of ClimatePartner projects. In addition, the size has been reduced in order to save resources and cut carbon emissions during shipping.
