Swarovski STC 17-40x56 Green Straight Spotting Scope

AUD
\$2,990.00

Product Images

Short Description

The amazing Swarovski STC 17 - 40 x 56 spotting scope has it all with small dimensions and outstanding optics.

Description

With a length of just 285 mm (11.2 in), the STC spotting scope with straight view will fit in any backpack.

This little beauty has a weight of just 980 g (34.6 oz) which makes it a top choice for tours in rough terrain and remote areas.

The clever half shell makes it easier to position on a surface without a tripod and allows unimpeded turning of the focusing and zoom wheel at all times.

In combination with the optional VPA, the STC is ideal for digiscoping. The carrying strap adds the perfect finishing touch.
