Swarovski WE winged eyecup for spotting scope eyepieces

AUD \$79.00

Product Images

Short Description

Innovative and perfectly tailored accessories not only enhance the capabilities and functionality of your SWAROVSKI OPTIK spotting scope, they also help to protect it. User-oriented concepts and design both play an important role. Simply and quietly capture those fascinating hunting moments.

Description

WE winged eyecup for 25-50x W and 20-60x eyepieces

The winged eyecup keeps any interference from ambient light to a minimum. This means that you can observe clearly even in poor lighting conditions. It is straightforward to attach to the spotting scope's eyepiece (25-50x W and 20-60x) so that you can use it at any time. The winged eyecup is made from soft, durable material, ensuring optimum viewing comfort.
