AUD \$49.00

Product Images

Short Description

Tasco's compact 10x25 Essentials Compact Binoculars are an ideal instrument that brings the action up-close without taking up a lot of room or adding excessive weight. Anti-reflection fully multicoated optics maximize the light coming into the 25mm objectives while minimizing light loss. A dual-hinge design enables the optical tubes to be folded

Description

Tasco's compact 10x25 Essentials Compact Binoculars are an ideal instrument that brings the action up-close without taking up a lot of room or adding excessive weight. Anti-reflection fully multicoated optics maximize the light coming into the 25mm objectives while minimizing light loss. A dual-hinge design enables the optical tubes to be folded tightly under the bridge for an ultra-compact form factor that allows them to fit easily into a pack, coat pocket, or glove compartment. The Essentials binoculars, offered here in , are available in five other colors. Performance 10x magnification 25mm objective lenses Compact roof prism design Anti-reflection fully multicoated optics 288' field of view at 1000 yards 55° angle of view Use and Handling Knurled center focus wheel Closed-bridge configuration Dual-hinge bridge design allows optical tubes to fold under for ultra-compact storage Fold-down rubber eyecups Construction Details Brown Camo rubber armoring Raised finger ridges for a comfortable slip-resistant grip Recessed objectives protect from impacts and shades lenses from sunlight and weather 9.2oz weight
