## WW Astro RCA to USB Adaptor Cable for Dew Heater

**AUD \$19.00**

### Product Images

### Short Description

Male USB A to female RCA adapter cable

### Description

USB to RCA adapter cable - power 12V heaters from a 5V power supplier. Works efficiently with heaters up to 50cm.

It has a built in boost converter (FP6291) to change the heater input voltage from 5V to 12V. Maximum input current is 2.1A, maximum output current 0.6A.

Note: Do not power your heater from your computer's USB port, as it will not deliver enough current to power the heater.

Dew heater not included.

Additional Information

Specifications	No
