Product Images

Short Description

The **saxon 16-48x65 ED Spotting Scope** is a must-have for amazing image reproduction.

Great for birding, hunting, even casual astronomy, this scope features 65mm multi-coated objectives at a medium magnification range of 16-48x. The Extra-low Dispersion (ED) glass gives distinct colouration and sharpness even in low light conditions.

This spotting scope comes with a smooth turning focus knob; and a waterproof, fogproof and nitrogen-purged body.

Description

The saxon 16-48x65mm ED spotting scope is ideal for bird watching, long range observation, target spotting and low light observation.

This waterproof spotting scope features a 65mm objective lens with Extra-low Dispersion (ED) glass, 16-48x zoom range, 45 degree viewing angle, fully multi-coated optics and wide angle zoom eyepiece.

The ED glass promises ultimate colour fidelity, contrast and sharpness, which means you can expect high quality images with low chromatic aberration.
