AUD  
\$499.00

### Product Images

### Short Description

If you're looking for a spotting scope that has good specifications and great value, you'll love the **Saxon 20-60x80 Angled Spotting Scope**.

With multi-coated optics, variable 20-60x zoom magnification and large objective lens of 80mm, you'll be able to view your target clearly with ease.

Suitable for hunting, target shooting or digiscoping.

## Description

---

The Saxon 20-60x80 Angled Spotting Scope features a large aperture of 80mm with 20-60x zoom, 45 degree viewing angle, fully multi-coated optics and interchangeable eyepieces.

This well-designed scope comes in a combined rubber and aluminium design and fits on most tripods - perfect to take on a hunting or observation trip.
