Short Description

This one's for the kids! The **saxon 607AZ2 Refractor Telescope** makes the perfect starter telescope to fuel your young observer's interest on land and sky objects.

This sturdy refractor telescope comes with a focal length of 700mm and an aperture of 60mm. The accompanying accessories include three eyepieces, a finderscope and an aluminium tripod with accessory tray to make your observing session that little bit easier.

Enjoy a nature-viewing session or a starry night out with the family with the **saxon 607AZ2 Refractor Telescope**.

Description

One of the most popular beginner's telescopes on the market, the **saxon 607AZ2 Refractor Telescope** combines durability with the efficiency of much larger refractors.

This telescope comes with a set of accessories perfect for beginner observers - three 1.25" eyepieces, a 5x24 finderscope, 45 degree erect prism diagonal, and aluminium tripod with accessory tray.

The **saxon 607AZ2 Refractor Telescope** is the perfect scope for kids to start out with.
