saxon 70mm Traveller Scope

AUD
\$219.00

Product Images

Short Description

Introducing a grab and go telescope, the **saxon 70mm Traveller scope** features a focal length of 400mm, 70mm objective lens, a 45 degree image-erecting prism and a generous magnification of up to 165x.

This telescope includes a pre-assembled tripod, two 1.25" eyepieces, a cleaning cloth and a bonus padded bag pack.

Compact and portable, the new saxon 70mm Traveller scope is your new grab and go telescope for land and astronomical viewing.

Description

Whether you're savouring the views of lush rainforest scenery in Australia; watching a pride of African lions play in Tanzania; or soaking in the New York skyline in America, the **saxon 70mm Traveller Scope** are a perfect addition to your holiday.

A snapshot of the **saxon Grab and Go Telescope**:
