Short Description

Save some space in your home for the **saxon AstroSeeker 127MAK Cassegrain Telescope**

This short-tube Maksutov-Cassegrain telescope comes with an aperture of 127mm and a focal length of 1500mm. You'll be amazed by the bright, magnified views of the Moon's rocky surface, planets, star clusters, double stars and nebulae through this scope. Enjoy a stable viewing experience with the scope's sturdy Star Discovery mount with full computerized, auto tracking and adjustable steel tripod, which allows for easy adjustments when viewing your intended sky object.

The portable **saxon AstroSeeker 127MAK Cassegrain Telescope** weighs just under 10 kg, making it a great addition to your stargazing journey.

NOTE: For solar viewing the Meade Glass Solar filter #575(Product No. 125874) is recommended.

Description

If you're after a telescope for intermediate astronomers, the **saxon AstroSeeker 127MAK Cassegrain Telescope** will not disappoint.

With an aperture of 127mm and a focal length of 1500mm, this telescope packs a powerful punch. The high-resolution, diffraction-limited optical systems are multi-coated to maximise contrast and image sharpness, making it the perfect scope to study deep sky objects. You'll also appreciate the included accessory pack, sturdy Star Discovery mount with full computerized controls and tracking.

You may also want to use the **saxon AstroSeeker 127MAK Cassegrain Telescope** for terrestrial viewing purposes. When used with a star diagonal, images seen through the scope is rightway up. Observe the perched birds or get a quick peek at the boats out at sea. Whether your requirement is for terrestrial or astronomical use, these Maksutov-Cassegrain scopes are the perfect companion.

The **saxon AstroSeeker 127MAK Cassegrain Telescope** features the following:

- 127mm aperture
- Focal length of 1500mm (F/11.8)
- 90 degree star diagonal
- Red-dot finderscope
- 2" visual back with 1.25" adapter
- Plossl 25mm & 10mm eyepieces
- Star Discovery AZGT Pro
- Steel tripod with accessory tray.
- Padded carry bag for OTA included

Perfect for the serious observer.
