saxon Cielo HD 9mm 1.25 Inch ED Eyepiece

AUD
\$169.00

Product Images

Short Description

Get better views from your telescope with the **saxon Cielo HD 9 mm 1.25" ED Eyepiece**. A premium six-element fully multi-coated eyepiece with extra-low dispersion glass, this eyepiece promises excellent, clear, well-corrected images for any astronomy

viewing.

Compatible with all telescopes.

Description

The six-element ED **saxon Cielo HD 9mm 1.25" ED Eyepiece** is a high performing eyepiece with:

- a wide 60 degree apparent field of view
- fully multi-coated, extra low-dispersion glass with six elements, giving clear and well corrected images
- a comfortable 16mm eye relief
- twist up eyecups
- parfocal with other **saxon Cielo HD eyepieces** (require little to no focusing between eyepieces)

Fits all 1.25" focusers and is suitable with all types of telescopes.
