saxon Prepared Plants Biological Microscope Slides (50pc)

AUD \$69.00

Product Images

Short Description

Pre-prepared slides with plant samples in a plastic case.

Description

The **saxon Plants Biological Microscope Prepared Slides (50pcs)** is packed in a case and features 50 plants biological slide samples. The prepared slides we offer are professionally hand mounted, accurately stained, and individually labeled.

Our microscope slides are great for students of all ages, from home-schoolers to college students looking for an excellent introduction to microscopy. The prepared slides give you the most diverse possible biological selection. These slides are premium and machine cleaned giving a sharp image.

This slide set is a rare mix of 50 prepared slides from which students can find a lot of fun. It is excellent for educational use and is perfect for all levels of student study including home school program. This slides set is brand new and has never been used, so your slides will be clean and free of scratches or damage. There is no risk of contamination from previous use.
