

Orion Dual Finder Scope Mounting Bracket

#10145

Congratulations on your purchase of a quality Orion accessory. Your new Orion Dual Finder Scope Mounting Bracket is a terrific accessory that enables two aiming devices to be used at the same time on one telescope.

Included Items:

- Bracket
- dovetail mounting shoe for finder scopes (x2)
- Philips head screws (x4)

Assembly

- Attach each of the dovetail mounting shoes to the bracket using the included screws and a Philips head screwdriver (not included) making sure that both the bases are oriented in the same direction as the base of the bracket (Figure 1).

WARNING: *Never look directly at the Sun with the naked eye or with a telescope – unless you have a proper solar filter installed over the front of the telescope! Otherwise, permanent, irreversible eye damage may result.*

One-Year Limited Warranty

This Orion product is warranted against defects in materials or workmanship for a period of one year from the date of purchase. This warranty is for the benefit of the original retail purchaser only. During this warranty period Orion Telescopes & Binoculars will repair or replace, at Orion's option, any warranted instrument that proves to be defective, provided it is returned postage paid. Proof of purchase (such as a copy of the original receipt) is required. This warranty is only valid in the country of purchase.

This warranty does not apply if, in Orion's judgment, the instrument has been abused, mishandled, or modified, nor does it apply to normal wear and tear. This warranty gives you specific legal rights. It is not intended to remove or restrict your other legal rights under applicable local consumer law; your state or national statutory consumer rights governing the sale of consumer goods remain fully applicable.
