

Orion® RedBeam™ USB LED Keyboard Light #13047

The Orion RedBeam USB Keyboard Light is designed for astronomers and astro-photographers that use a PC or laptop while observing or imaging.

The 7 Red LED's provide illumination that will not adversely affect dark adapted vision at night. The snake like design allows for positioning at any angle for optimum illumination.

Simply plug the light into a spare standard USB port on computer.

Press small button on head of light to cycle through choices of brightness (Off, 20%, 50% and 100%)

One-Year Limited Warranty

This Orion RedBeam USB LED Keyboard Light is warranted against defects in materials or workmanship for a period of one year from the date of purchase. This warranty is for the benefit of the original retail purchaser only. During this warranty period Orion Telescopes & Binoculars will repair or replace, at Orion's option, any warranted instrument that proves to be defective, provided it is returned postage paid to: Orion Warranty Repair, 89 Hangar Way, Watsonville, CA 95076. If the product is not registered, proof of purchase (such as a copy of the original invoice) is required.

This warranty does not apply if, in Orion's judgment, the instrument has been abused, mishandled, or modified, nor does it apply to normal wear and tear. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. For further warranty service information, contact: Customer Service Department, Orion Telescopes & Binoculars, 89 Hangar Way, Watsonville, CA 95076; (800) 676-1343.
